"EXTRACT"

Chief Secretary to Government.

WD 433—GPB—1,000—1-9-26

Submitted to His Highness.

In connection with the retrenchment of the staff employed on the Mysore Iron Works at Bhadravati, the Board of Management have decided that the services of Mr. G. N. Annaiya who is now working as Tramway Superintendent there should be terminated. They have, however, made a special recommendation that in view of his qualifications and training, Mr. Annaiya may be provided with a suitable appointment in Government service. He is a Mysorean by birth, 33 years of age, a graduate of the Central College and has obtained a Degree of Master in the Columbia University in Chemical Engineering. He has worked in a number of industrial establishments in America and has put in a service of four years on the Iron Works in various capacities. He is at present drawing a salary of Rs 300 with a fixed travelling allowance of Rs 50/-.

The question of providing him with an appointment in State service was considered in Council on the 27th September 1930 when it was resolved that he may be posted as District Economic Superintendent and that Mr. H. Niranjanraj Urs, Amildar, doing duty as Economic Superintendent, might be appointed to act as Assistant Commissioner and posted as a Magistrate. Mr. Annaiya, during the period of his employment as District Economic Superintendent, may be given a pay of Rs 200 with the usual allowances.

The recommendation of the Council may be graciously approved.

M. N. Krishna Rao

19/8/30

Dear Sir,

Owing to the present depression in the Wood Distillation and Iron Industries, the Board of Management have, after a detailed review of the position considered it necessary to reduce the staff on the Works. In this connection they have decided that the services of Mr. G.N. Annaiya who is now working as the Tramway Superintendent should be terminated. They have however resolved that a special recommendation be made to Government that Mr. Annaiya may be provided with a suitable appointment in Government service.

Mr. Annaiya is a Mysorean by birth, 33 years of age, a graduate of the Central College and has obtained the degree of Master in the Columbia University in Chemical Engineering. He has worked in a number of industrial establishments in America and on his return to Mysore, has put in a service of four years on the Works in various capacities. In 1926, he was employed by Government to examine and report on the work of the Central Distillery at Bangalore and he was again consulted about the

state of the machinery. He is at present drawing a salary of Rs. 300 with a fixed travelling allowance of Rs. 50. He has been repaying Rs. 75 a month towards the loan scholarship advanced by Government.

Mr. Annaiya is a very patriotic young man with high ideals and deserved every encouragement. Copies of a few testimonials given by his professors are enclosed herewith for the information of Government.

I am directed to request that Mr. Annaiya may be provided with a suitable appointment in Government. He will be relieved as soon as orders of Government are obtained.

Yours faithfully,

GENERAL MANAGER.

THE MYSORE IRON WORKS
BHADRAVATI

Copies of Testimonials of Mr. G.N. Annaiya

I.

Columbia University
In the City of New York.
Industrial Engineering.

16th August 1923.

To whom it may concern:-

This is to certify that the bearer, Mr. G.N. Annaiya, M.A., has taken three courses in Industrial Engineering, in sixth year work during the University year 1922-23, in classes taught by the undersigned. These courses were (1) Manufacturing Processes. (2) Analysis of a Selected Industry, and (3) Specification of Productive Methods.

Mr. Annaiya is a thorough student, clever, industrious and hard-working, and in addition to his technical ability has an exceptionally fluent knowledge of the English language. He is not afraid of hard or dirty work, and knows how to get along and co-operate with other men. He has a pleasant and agreeable personality, and is strictly honorable and honest in every respect. His work in this department was of "A" grade throughout, and I take pleasure in recommending him in every respect to any employer who may be in need of his services.

Sd) Wm. Stewart Ayars, M.E.
Associate Professor,
Industrial

No. 188

THE MYSORE IRON WORKS
BHADRAVATI

Central College,

Bangalore, 18th April 1926.

II) Mr. G.N. Anniah, M.A. Graduated from this College (B.A.) with Physics and Chemistry as optional subjects. After graduating he obtained a loan scholarship for the study of sugar chemistry and has undergone a course of general chemistry, chemical engineering and has made a study of sugars and molasses in one of the best sugar laboratories, lousiana, U.S.A. He took up a study rarely chosen - (there are few in India who possess this general training) at a time when the sugar corporation was under contemplation. But having in time heard that it would not materialise, he took a general course of chemical technology, getting the M.A. degree of the Columbia University.

After return to India, he was deputed by Government to investigate into the conditions of the local distillery and he has submitted a useful report, which I have gone through with pleasure, in which he has, after careful study, explained the defects and the possibilities for improvement. Having strongly recommended him for the scholarship, I watched his progress and am pleased to state that he has made the best use of his stipend and well deserved it; I find him modest and quite promising and hope that he will get opportunities where he can make the best use of the training he has received.

As my student his conduct was excellent and he was one of

the best sportsmen this college has produced - (he captained our football team, with credit for three years), a qualification most useful in educational institutions.

Sd) M.G. Srinivasa Rao,
Professor of Organic Chemistry &
Hon. Secretary, Physical Culture.

THE MYSORE IRON WORKS
BHADRAVATI

Central College,

Bangalore, March 24, 1926.

III) Mr. G.N. Annaiya, B.A., Mysore University 1920, A.M, Columbia University 1923, was a student of this College, and one of my students. He took a very leading part in all college activities, captained the Football team for three years, and the Gymnastics team, played cricket, tennis and hockey for the college and was the Secretary for the College Debating Society. We all liked him for his manly character and for his very good influence on his fellows. He is a young man of great force of character and initiative after the lapsing of his Government scholarship he maintained himself for two further years in America by his own unaided efforts; an exceptional case for an Indian student. He is a man who can be thoroughly relied upon and make good.

Sd) Frank R.Sell,
Professor of English.

IV). The Continental Sugar Company,
Fremont Plant,
Fremont, Ohio,
December 12, 1923.

E.McClenathan, Supt.

To whom it may concern:-

The bearer, Mr. G.N. Annaiya, has worked in our organisation during one beet sugar campaign on both routine and special analytical work. He has proven himself to be willing, energetic and trustworthy. He is of good character and personality and exceptionally well qualified as a chemist. He is leaving our organization only because our operating season is ended. We most heartily recommend him to any one who requires the services of such a man.

The Continental Sugar Co,
Sd) B.J. Paschal,
Chief Chemist.

V). The American Sugar Refining Company, 49, South Second Street,

Brooklyn, New York,
August 4th, 1923.

This is to certify that G.N. Annaiya was in our employ both in the refinery and laboratory from September 16, 1922 to Nov. 1, 1922, when he left of his own accord. He was again re-employed in our laboratory from May 28th, 1923 to July 13, 1923, at which time we were compelled to dispense with his services due to reasons beyond his control.

Conduct and services satisfactory.

Columbia University,
In the City of New York.
Department of Chemical Engineering.

August 17, 1923.

VI). To whom it may concern:

Mr. G.N. Annaiya is a graudyate with a degree of B.A. from Mysore University of India. He has been in this country for some two years, one year being spent in the Sugar School of the University of Lousiana and the last year as a graduate student in Chemical Engineering in Columbia University. In connection with this last year's work he received a degree of M.A., from Columbia University.

Mr. Annaiya also has had some experience both in the laboratory and in the factory of the American Sugar Refining Company.

Furthermore, I have had Mr. Annaiya in my personal employ as a laboratory assistant for some weeks this summer and am pleased to state that the work he did in Columbia University in the past year and the work he has done for me personally has shown him to be a capable and willing worker and one whom I am well pleased to recommend.

Very truly yours,
Sd) Ralph H. Mckee,
Professor of Chemical Engineering.
